PROFESSIONAL SUMMARY

BSIT graduate with 4 months of hands-on IT support experience in a government ICT division. Familiar with license-relevant platforms (Microsoft 365, Active Directory), OS lifecycle management, and technical documentation — core competencies for a Software Asset Management role. Detail-oriented and organized, with front-end development skills and a track record of using automation to reduce manual workload.

PROFESSIONAL EXPERIENCE

IT Support & Networking Intern (OJT) *— Feb 2026 – May 2026*

Information Communication Technology Division (ICTD), Bacolod City, Philippines

- Managed and tracked software environments across corporate desktops; handled OS configurations, software installations, and update management directly relevant to asset tracking workflows.
- Administered Microsoft 365 and Active Directory: account provisioning, password resets, and license-related account issues.
- Diagnosed hardware faults; performed component-level repairs on corporate desktops and laptops.
- Built VMware sandbox environments to safely test software configs before production deployment.

ACADEMIC PROJECT

Barangay Information Management System (BIMS) *— 2025 – 2026*

Capstone Project — Kabankalan Catholic College

- Built a web-based records management system replacing manual paper processes; led front-end development in React, TypeScript, and Tailwind CSS.
- Tested system with simulated records and user scenarios to validate data accuracy before deployment.

TECHNICAL SKILLS

Asset Management: Software Deployment & Configuration, OS Lifecycle Management, License-Relevant Account Administration

IT Support: Ticket Triage, Hardware Diagnostics, Desktop/Laptop Repair, Hardware & Upgrade Support, Account Lockout Resolution

Networking: Network Setup & Configuration, Connectivity Troubleshooting, Command-Line Diagnostics (ping, tracert, ipconfig, netstat)

Development: React, TypeScript, Tailwind CSS, Node.js, Git / GitHub, VMware Workstation

CERTIFICATIONS & DEVELOPMENT

Hardware and Upgrade Support · Cisco NetAcad / DICT-ITU DTC · Completed Sep 22, 2026

Introduction to Modern AI · Cisco NetAcad / DICT-ITU DTC · Completed Sep 23, 2026

Certificate of Participation · 3rd ICT Summit, Kabankalan City (September 2025)

EDUCATION

Bachelor of Science in Information Technology (BSIT) · Kabankalan Catholic College · Graduated May 26, 2026
